Maximize Synergies with MARii: Business Matching at EMA 2023

Exciting News Ahead! The Malaysia Automotive, Robotics & IoT Institute (MARii) is organising Business Matching sessions at E-Mobility Asia (EMA). This event brings together 20 vendors under MARii, providing exhibitors with the advantage of pre-qualified leads and the opportunity to meet potential partners and clients who are genuinely interested in their offerings. Exhibitors can save time and resources by fostering efficient and meaningful connections, facilitating potential collaborations

Don't miss this incredible opportunity, as business matching offers numerous benefits for your companies and join us at EMA 2023.
