Riding into the Future of E-Mobility Asia 2023

Officially Opening Ceremony of E-Mobility Asia 2023 alongside with our partners in Asia

The E-Mobility Asia (EMA), co-located with Sustainability Environment Asia (SEA) was officiated by the Minister of Investment, Trade and Industry (MITI), YB Senator Tengku Datuk Seri Utama Zafrul Tengku Abdul Aziz. During his speech, he highlighted that Malaysia has demonstrated proficiency in attracting significant investments, especially in the Electric Vehicles (EV) and Next Generation Vehicles (NxGV) industries.

YB Tengku Zafrul emphasised the country's dedication to establishing a robust foundation for the NxGV ecosystem. The ongoing efforts include the development of essential infrastructure to achieve ambitious targets: 20% of new car sales as EVs and hybrids by 2030, 50% by 2040, and an impressive 80% by 2050. These objectives mark a pivotal milestone in Malaysia's automotive future.

It's not too late to register!
