E-Mobility Asia (EMA) is the leading exhibition and conference focusing on the latest e-mobility offerings and the ideal platform for industry players to network and build their brand in a productive environment.

EMA will present groundbreaking innovations and solutions from over 150 companies representing Malaysia, China, Japan, Korea, India, Singapore, Taiwan, and beyond. This diverse showcase offers a deeper understanding of cutting-edge products and solutions from different countries, providing invaluable insights into global advancements in e-mobility technology.

In collaboration with the Electric Vehicle Association of Malaysia (EVAM) and the Malaysia Automotive Robotics & IoT Institute (MARii), EMA offers exhibitors and visitors a chance to explore the EV industry and its opportunities.

Join EMA 2024 to position your brand as a leader in innovation and industry transformation, shaping the future of e-mobility. Connect with key industry players and figures, locally and internationally.
