Discover What's Ahead: GATE 2025 Highlights

Step into the future of mobility at GATE 2025. From thought-provoking discussions at the GATE Conference to powerful networking opportunities with OEMs at GATE Connect and high-value collaborations through GATE Business Matching. GATE 2025 is the premier destination where global automotive leaders and innovators converge.

GATE Conference

Will Mobility Technology Unleash the Next Economic Breakthrough?

GATE Conference spearheaded by the Malaysia Automotive, Robotics and IoT Institute (MARii) will be taking place on 13 November 2025. This conference explores how innovations can open new markets, drive investments and generate sustainable high-value jobs.

GATE Conference Key Topics:

- Leadership Point of View on Global Automotive Industries
- Will ASEAN Leapfrog into Connected, Autonomous and AI-driven Transport?
- ASEAN's Roadmap to an Electric Future
- OEM Perspectives on Technology, Sustainability and Market Transformation

Be part of the GATE Conference and explore innovations driving tomorrow's mobility.

GATE Connect

Powering Local Potential, Unlocking Global Impact

GATE Connect is a curated 2-day business matchmaking and networking event taking place on 12 and 14 November 2025. GATE Connect aims to bridge together both local and global automotive OEMs with local vendors with the goal of fostering meaningful dialogue, expanding professional networks and sharing expertise.

With confirmed OEM partners GWM, Jetour Automobile Malaysia, SAIC Motor Malaysia and Volkswagen Group Malaysia, GATE Connect serves as a strategic platform to unlock global impact, address industry gaps and foster quality collaborations.

GATE Business Matching

Connecting Partners Across ASEAN's Mobility Ecosystem: GATE Business Matching Programme

GATE Business Matching, happening on 12 and 13 November, is designed to connect decision-makers, buyers and solution providers in the global automotive and technology ecosystem. With 180 prescheduled slots designed to encourage regional and cross-border partnerships, the session provides opportunities to accelerate deal-making and innovation adoption and strengthen the ASEAN automotive supply chain while also providing valuable insights into demand trends and industry needs.

Whether you are seeking new suppliers, strategic alliances or distribution channels, GATE Business Matching opens the door to impactful business growth.
